

Youth Transportation Assistance for Shelby County students sponsored by

In partnership with the Shelby County Health Foundation and SWITA, the Shelby County Wellness Alliance is pleased to announce youth transportation assistance. This funding is intended to help busy families access youth recreation and activities in the county for their children.

Families in Harlan may receive a \$40/month Summer Fun Pass by completing a simple application below for each child. SWITA will provide rides within city limits of town to summer camps and activities such as: piano lessons, Vacation Bible School, swimming pool, Wellness Center, swim team, friend’s house, or just about anywhere within the city limits of town. This pass will allow your child to have transportation to activities throughout Harlan. Parents of children under 5 years old can also request a pass so they can provide supervision as needed on the bus and the event. Funding is available on a first come, first serve basis. Those children with a fun bus pass will receive transportation throughout the summer.
